PRAEFATIO

Miroslavio Marcovich, acuto interpreti nec non egregio editori operum philosophorum antiquorum, tertium Diogenis volumen conficere fata non concesserunt; namque Id. Iun. a. MMI, dum schedis indicum Laertiorum assidue operam dat, doctus ille vir philologorum coetui morte ereptus est. Fragmenta operis instituti, cuius ultimas paginas iam aegrotans manu propria notaverat, mihi complenda et perficienda ut ita dicam legavit. Quod operosum pietatis officium explere et quae incohaverat ad finem adducere studui: quanta editor reliquerat retractavi, nonnulla inserui et addidi, hic illic errata correxi[1]. Praeterea a ratione auctorum operumque nomina secundum paginas editionis versusque singulos referendi, qualem ipse instituerat, consulto abscessi et editorum priorum vestigia secutus numeros librorum nostri et capitum potius restitui, magis id convenire ideoque gratum fore ratus lectoribus omnibus, qui editionibus vetustioribus uti consueverint. Indicem II, quem editor permultis scriptorum et operum recentiorum saeculorum nominibus e testimoniorum apparatu extractis farciri voluerat, ad nomina scriptaque illa reduxi et coartavi, quae Diogenes ipse ut fontes operis sui laudat.

Restat ut pauca de ratione quam in conformandis indicibus secutus sum quaeque sigla adhibui exponam.

In Ind. I: Locorum complurium acervatio, cuius membra singula virgula tantum distincta sunt, ad nomen insequens referenda est[2].

[1] Adeas moneo etiam quae Eugenius Amato in censura editionis Marcovichianae (Gnom. 74, 2002, 203 sqq.) adnotavit.

[2] In hac priore parte ordinanda et exigenda magno usui mihi fuit Index Nominum, quem H. S. Long in calce vol. II editionis Oxoniensis anni MCMLXIV exhibet.

In Ind. II compilando saepius, e. g. s. Aristotelis, Platonis, Sexti Empirici lemmatibus, uncis semirotundis ( ) usus sum indicaturus Diogenem hisce locis, ut mea quidem fert opinio, non auctoris verba ipsius legisse, sed rerum silvam e compendiis commentariisque interpretum sectatorum explanatorum temporis posterioris sumpsisse. Quamquam plane confiteor me de sescentis huiusmodi locis nihil pro certo affirmare posse.

In Ind. I et II: asterisco * nomen emendatum notatur;
uncis acutis < > nomen ab editore/-ribus contra codicum fidem insertum indicatur;
uncis angulatis [ ] nomen ab editore/-ribus deletum obsignatur.

Denique aliquot editiones et versiones necnon deperditorum operum reliquiarum collectanea aliaque scripta ab editore in conspectu librorum neglecta adhibui, quorum potiora praefationi addenda hic adiuncta inveniuntur:
